

Year 9 Geography

THE JOURNEY OF LEARNING

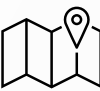

Geographical Skills

Fieldwork and Enquiry

Analysing and Presenting data

Map skills

Ecosystem: What were the challenges of hosting the World Cup in Qatar?

Year 9 Summer Term 2

Ecosystems: What are the causes of desertification?

End of year assessment

DIRT

Causes, impacts and solutions of Desertification Enquiry Project

Year 9 Summer Preparation

DIRT

Ext write: "Desertification is largely caused by poor land management." Use evidence to discuss this statement.

Ecosystems: What are the challenges and opportunities in the Middle East?

Ecosystems: What are the challenges to development in hot deserts?

Ecosystems: How do we reduce desertification?

Ecosystems: What are the aims of the Great Green Wall and has it been successful?

Ecosystems: What are the characteristics of the world's biomes?

Ecosystems: What is a small scale ecosystem?

Year 9 Summer Term 1

DIRT

Ecosystems: What are the opportunities for development in hot deserts?

Ecosystems: How are organisms adapted to live in hot deserts?

Ecosystems: What are the characteristics of hot deserts?

Ext write: For a resource you have studied, evaluate if we use it in a sustainable way.

Resources: What are the causes of food insecurity?

Resources: What is the global distribution of food?

Glaciation: How are glaciers formed?

Glaciation: What are the features of a glacial environment?

Glaciation: How is climate change impacting glacial environments?

Year 9 Spring Term 2

DIRT

Resources: Should Turkey dam the River Tigris?

Resources: What happened in the BP oil spill?

Glaciation: When was the British Isles glaciated?

Glaciation: Is it beneficial living in a glacial environment?

Glaciation: What evidence is there to show the Lake District was glaciated?

Ext write: Is it beneficial living in a glacial environment? Discuss

Resources: What are the global patterns of water supply and demand?

Resources: What are the global patterns of oil production and consumption?

DIRT

Mid Year Assessment

Year 9 Spring Term 1

Antarctica: Why is Antarctica melting?

Antarctica: Who visits to Antarctica?

Antarctica: Where is Antarctica?

Climate Change: Is climate activism making a difference?

Climate Change: How effective are climate change policies?

Ext write: Discuss whether the future of Antarctica is sustainable.

Antarctica: What is it like to live in Antarctica?

Antarctica: What is the Antarctic Treaty?

Ext write: Assess the impacts of climate change and evaluate the strategies used to reduce these.

Climate Change: How is Tuvalu adapting to sea level rise?

Year 9 Autumn Term 2

Climate Change: What are the impacts of climate change on the weather? (2 lessons)

Climate Change: Why are the impacts of climate change different around the world? (GIS)

Climate Change: How has climate change impacted Tuvalu?

Climate Change: How is the UK impacted by climate change?

Climate Change: What are the human causes of climate change?

Climate Change: What is sea level rise?

Ext write: Assess which cause of climate change has the greatest impact.

Climate Change: How do we mitigate climate change?

Climate Change: Can the UK switch to renewable energy?

Climate Change: How do we adapt to climate change?

Climate Change: What is the greenhouse effect?

Climate Change: What are the natural causes of climate change?

Climate Change: What evidence is there of climate change?

Climate Change: How has our climate changed through time?
