Who is Antoni Gaudí?

Gaudí was a **Spanish architect**.

Born: 25 June 1852
Died: 10 June 1926

Antoni Gaudí's works are in his own **distinctive** style. Gaudí's individual style is characterized by freedom of **form**, voluptuous **colour** and **texture**, and organic unity.

Gaudí worked almost entirely in or near Barcelona. His most famous and his greatest work today is the **Basilica de la Sagrada Família** – which was taken over by **Gaudi** and left unfinished following his death. The **Sagrada Familia** is still unfinished to this day.

He got some of his ideas from **neo-Gothic** art, **Art Deco** and **Oriental** techniques and became part of the modernist movement in the late 19th and early 20th centuries.

Another of Gaudí's most famous works is **Park Güell** which is full of architecture designed by Antoni Gaudí to replicate British residential parks.

Gaudí died aged 73, after being hit by a tram in Spain.
